Want to use a prescription drug to quit smoking?

B.C. Smoking Cessation Program

For more information call
HealthLinkBC at 8-1-1

or

When you are already seeing your
physician for another medical reason, ask
if these smoking cessation drugs:
bupropion [Zyban®] or varenicline [Champix®]
are right for you.

Have the prescription filled at a pharmacy.
Depending on the type of PharmaCare plan
you have, PharmaCare coverage may be
available.
